ALL DATA ARE ON 2015 BENCHMARK.

SOURCE: Center for Workforce Information & Analysis (CWIA), Pennsylvania Department of Labor & Industry.

FOOTNOTES

1/ Estimate of workers by place of residence. These data are controlled to state Current Population Survey (CPS) data which adjusts for commuting and dual job-holding. Workers are counted where they live only once regardless of the number of jobs they may hold. All in-depth inquiries relative to the estimating methodology should be addressed to the Bureau of Labor Statistics, U.S. Department of Labor. All data are subject to revision during annual benchmarking.

2/ Includes wage and salary workers (including agriculture), self-employed persons, and unpaid family workers (including agriculture), domestic workers, and persons involved in labor-management disputes.

3/ Unemployed as percent of civilian labor force, computed using unrounded data.

4/ Seasonally adjusted MSA level data (and their equivalent) is developed by the federal Bureau of Labor Statistics (BLS); seasonal adjustment for all other sub-state areas are developed by CWIA.
